Reasons for allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach the combination of limitations in the independent claims 20 and 26, especially, "an account description database; a transaction augmentation module, configured to attach the value description of a particular merchant, product and/or service to the-transaction data records and store the resulting combined record in the account description database; and a merchant analysis builder module configured to condense the references provided by the address locating module into a value description and store the value description in the merchant identifier database" of claim 20 and "processing the reference data to from a set of keywords descriptors describing the entity; augmenting the data record with the keyword descriptors to generate an augmented data record describing the entity; building an account descriptor database that includes at least, one data record that correlates the at least one event with the description of the entity from the augmented data record; searching the account descriptor database for selected data records that meet a desired criteria; and storing said selected data records for further processing" of claim 26.

Dependent claims 21-25 and 27-33 incorporate the listed limitations by reference and contain limitations that further distinguish over the art of record. For these reasons, claims 21-25 and 27-33, are considered allowable over the art of record.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LINH BLACK whose telephone number is 571-272-4106. The examiner can normally be reached on Mon.-Thurs..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Don Wong can be reached on 571-272-1834. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
